

## Ambassador Program

### What is the Positively Kids Ambassador Program?

Positively Kids Ambassadors are volunteer families who are committed and willing to sharing their story on a regular basis with Positively Kids. These stories are crucial to advance the Foundation's advocacy and fundraising efforts. The stories will be used at special events, on social media, newsletters, sponsorship proposals, and/or media interviews.

Each story is unique. We want to hear about the good times as well as the not-so-good times. We are looking for stories that tell who you and your family are!

### Qualifications

- Child between the ages of birth to 18 years of age.
- Must be a current patient with one or more programs at Positively Kids.
- Early Intervention children who have aged out of the program are eligible.
- Be willing to travel for media interviews, events, and/or sponsorship opportunities.
- Due to County regulations, child cannot be in the foster system.
